Advance-Nilfisk Parts - Imagine how tiresome it will actually be to tidy up your own house right after having a big party, with no assistance from cleaning machines. Back in the day, when upholstery and carpets had the dust beat out of them by hand; brooms, cleaning cloths and brushes were the best cleaning materials of that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in 1906, he began to produce motors in order to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the start was to have a global business marketing goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by a single person as it just weighed 17.5 kilos! This creation came in a time where numerous cleaning equipment were very big and needed 4 or more operators, hence, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing crisis; things get dirty and must be cleaned frequently, without too much effort.

Slowly but steadily, Nilfisk-Advance grew throughout the years. During the 1980s, this growth truly occurred when the business became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap ahead within the business, aiming to be amongst the largest international players in the market of professional cleaning equipment. Nilfisk-Advance is presently represented in all parts of the world by steadily obtaining numerous smaller companies to be able to expand their product portfolio and presence in new markets. They are proud to provide a range of cleaning solutions to fit each and every requirement.
