

Axle Tech Part

Axle Tech Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for technology, delivery, quality and service. They believe in working within an environment that supports the highest integrity with empowered teamwork, together with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious business and offering a safe environment for their employees to work in. Also, they have implemented various programs within the organization to help articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any comments or questions, since they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the environment. AxleTech has an EHS program which not only protects the natural environment but which even actively protects their neighbors and employees also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both military and commercial applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles to be able to meet certain application demands. They have more than 1000 different axle specs in their existing offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in many military and commercial applications. They offer complete axle assemblies utilized for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be seen in the "ISAS" product collection.
