

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks and other forklifts could have specific labels utilized in certain hazardous locations. The label denotes that this particular model of lift truck meets the minimum standards of ANSI/UL 553 utilized for electric forklifts or ANSI/UL 558 for internal combustion engine forklifts.

The application for labels meant for lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance carrier and Fire Marshall for further info on the approved uses of industrial powered forklifts in your application.

If the lift truck has been found to satisfy the outlined criteria, the following labels can be put. A marked truck will have the type designation placed on the forklift nameplate and will have one of the following labels put.
